THE DIRECTORS OF THIS COMPANY have selected this tract of land as in their opinion the best adapted in all respects for accessible, cheap and beautiful country homes, of any within their knowledge. Calling your attention to the following description of it, they confidently solicit your subscription in any number of shares, from one to one hundred. Yours truly,

W. J. GURNETT, Vice-President.

This land is situated about eight miles from Oakland at the head of the San Pablo Valley, which is justly celebrated for the salubrity of its climate, its pure waters and natural beauties.

The San Pablo creek runs entirely through it, from South to North. Into this creek flow numberless smaller streams of clear, pure water, the banks of all affording the most elegant building sites possible to imagine. The great California necessity—plenty of cheap, pure water—is here as pure and plentiful as the air we breathe, and can never be wrested from us by any monopoly.

Its topography is gracefully undulating. The soil is rich and mellow. Natural shade trees abound.

We have also Mineral Springs, whose waters possess the medicinal qualities peculiar to the celebrated Lytton, Gilroy and Harbin Springs, heretofore neglected because so near home.

Within five years it will be reached by railroad in sixty minutes from San Francisco.

It will possess a Hotel equal to any outside of that city, and, surrounded by hundreds of beautiful homes, will become the greatest resort for all in search of health or pleasure.

We believe this land, now offered at Fifty Dollars per Acre will at that time readily sell for five hundred.

Subscriptions will be received in San Francisco, by BRYANT & TAYLOR, 312 California street.

Harris Brothers vs Querin Voos. } No.

BY VIRTUE OF AN EXECUTION ISSUED out of the County Court of the County of Sonoma, of the State of California, wherein Adolph Harris and George Harris were plaintiffs, and Querin Voos, defendant, upon a judgment rendered the 18th day of January, A. M. of said day, in front of the Court House door in the County of Alameda, sell at public auction, for U. S. gold coin, all the right, title, claim and interest of said defendant, Querin Voos, of, in and to the above described property, or so much thereof as may be necessary to raise sufficient to satisfy said judgment, with interest and costs, etc., to the highest and best bidder.

A CONGRESSIONAL GYMNAST.

The Presidential question at Washington has brought out a wonderful variety of human traits peculiar to the professional politician. It has thus far developed the existence and continual exercise of an immense amount of electioneering talent, from Maine to Florida and from the home of Tweed and Tilden to the dwelling-place of Grover and Cronin. It has induced the exhibition of oratorical abilities of no mean order in the Senate and in the House; and in the Electoral Commission plan we have the most gratifying evidence of the high degree of statesmanship which our national law-makers are capable of evolving from within them under the pressure of great national danger. The most unpleasant feature about the whole business, though is the evidence of bargain and sale of official influence, which has just come to light in the case of the Florida member of the House, who has suddenly forsaken the Republican side and gone over to the Democrats. If the exposure subsequently made of Purman's motives be true, the moral loss of the Republicans and the gain of the Democrats by this Congressional somersault will be very slight. Until recently, this political gymnast was steadfast in his faith that Hayes had carried Florida. There was no more zealous Republican than Purman. He was bold in maintaining Hayes' election and boasted of his own labors in procuring this result. Lately, however, he has shown symptoms of political palsy. The first exhibition of his shakiness was made in the shape of complaints to Republican members by him that the campaign had ruined him financially, and that he would be compelled to do something to recover from his pecuniary embarrassment. He is openly charged with bartering his own vote and negotiating for the sale of the votes of other members. With reference to the Texas Pacific bill, it is said that proof is at hand that Purman approached several members and informed them the Texas Pacific people were willing to spend money to pass their bill, and requested them to join him in a combination to exact money for their votes on that measure. It is now in order to investigate Purman.

THE "GOBBLE" DISPATCH.

Governor Grover, of Oregon, made very positive declarations before the Senate Committee on Elections that he had not received dispatches from nor sent any to New York touching the course to be pursued by him relating to the contested Elector. The falsity of that has been clearly proven by the dispatches and money sent there, but Grover's untruthfulness and direct complicity with Tilden are positively proven by the translation just made of the hitherto mysterious "Gobble" dispatch, which reads as follows:

PORTLAND, Oregon, Dec. 1, 1876.

Hon. Samuel J. Tilden, Gramercy Park, New York: I shall decide every point in the case of the Postoffice Elector in favor of the highest Democratic Elector, and give the certificate accordingly on the morning of the 6th instant. Coalesce. Signed, GROVER.

The next question for the American people to ask themselves is: "Is Grover a fit man to occupy a seat in the United States Senate?" The people of Oregon should request him to resign.

THE registration inquiry in San Francisco still drags along. The only good result that will follow will be an amendment of the registration law. This end could be accomplished without any expense, by simply consulting the officials in the County Clerk's office as to the difficulties they have labored under in the past in the registration of voters. As the investigation is now conducted, it is a miserable farce, for the performance of which the tax-payers of that city will have to pay a great deal of money.

THE Senate has confirmed R. A. Watts as United States Attorney for Wyoming; L. P. Lucky, Secretary of Utah Territory; John Young, Indian Agent at Black Feet Agency, Montana; H. W. Bingham, Agent at White Stone Agency, Nebraska; J. R. Pitkin, United States Marshal of Louisiana.

THERE are growing indications that Germany will become from year to year a heavier customer in the grain markets of the world. The growing insufficiency of grain crops to meet home consumption gives rise to much anxiety in Berlin.

THE report that Governor Irwin had employed a lawyer to prosecute the San Francisco County Clerk for illegal registrations is not true. The Governor says he knows nothing about any such arrangement.

OUR fair Capital city cannot be a very unhealthy place, the Sacramento papers reporting but three deaths there last week.

IT is probable the Porte will not [illegible] conditions regarding the [illegible] of the Jews in Servia.

NOTES AND EXCERPTS.

The latest successful work of fiction is "Sidonie," a translation from the French. Messrs. Estes & Lauriat have already, it is said, disposed of 6,000 copies of the book—1,000 copies going to a single Western firm. The story is wicked and interesting.

The King of Holland has paid a very great compliment to the French actress, Sarah Bernhardt. He has presented her with a grand medal of honor, accompanied by a letter in his own handwriting, both being handed to her by the Dutch Minister to France.

At the sale of a collection of American paintings, at Leavitt's art-rooms, in New York, last week, Bierstadt's "Sunset Near South Pass and Devil's Gate on Sweetwater" fetched $1,700. The prices obtained were generally fair for the times, and towards the close the bidding was brisk and the attendance large.

Mrs. Russell Stebbins, of Ridgefield, Connecticut, once known as a literary lady, has written a private letter speaking kindly of Edgar Allan Poe, and giving as a reason of Dr. Griswold's enmity toward him, the attachment of both men to the same woman—an attachment completely hopeless on the part of both.

Miss Kate Field, always a brilliant newspaper worker, but an unsuccessful actress, has retired to her first love in London, and is now writing regularly on American subjects for the Examiner. It is presumed that it is her hand which has ungently corrected Punch, for putting the negro word "tote" in the mouth of a typical Yankee.

Alexander Bain, the inventor of the electro-magnetic telegraph, died, as already noticed, a month ago; but, as not then stated, his last days were passed in poverty at the Home for Incurables near Glasgow. He should not be confounded with the other Alexander Bain, also recently deceased, who was a distinguished philosopher, and neither insane nor poor.

The Commercial Reporter, of Portland, figures up the products shipped from Oregon during the year 1876, as follows: Wheat, $3,331,653; flour, $1,498,434; salmon, canned and pickled, $2,515,000; beef, canned and pickled, $350,000; wool, $580,000; lumber, etc., $450,000; gold, $1,300,000; other products, $1,800,000. Total, $11,825,087—which is a very creditable showing.

The Rev. Dr. Samuel C. Bartlett, of Chicago, lately elected President of Dartmouth College, is credited, by the Springfield Republican, with a descent from the well-known Bartlett (Barttelot) family of Stopham, Sussex county, England. The family is traced back to the Conquest, and was nobly represented at Poictiers and Crecy. The present head of the family is a Colonel, and a member of Parliament, Walter B. Barttelot.

No stone marks the grave of John W. Geary, twice Governor of Pennsylvania, and a gallant General during the War. A movement has lately begun to supply this want,—the intention being to place over the grave only a simple tablet. It has been suggested, however,—and the idea ought to meet with hearty concurrence,—that the State of Pennsylvania might well afford the expense of marking the last resting-place of so worthy a citizen with a suitable monument.

Three of Harvard's Professors are lecturing in Baltimore—James Russell Lowell, Francis J. Child, and Charles E. Norton. During February, Saturdays and Sundays excepted, Profs. Lowell and Child will deliver daily lectures at the Johns Hopkins University. Prof. Lowell will talk about Dante and the literature of the thirteenth and fourteenth centuries. Prof. Child's subject is Chaucer. Prof. Norton's lectures on Medieval Architecture are delivered at the Peabody Institute.

The Coroner of Chicago, in an annual report, says of fifty-five suicides in that city within a year only four were victims of love. He alludes to one of these as a man who "blew out what little brains he had on account of the tortures to which he was subjected by his mother-in-law." The Coroner also says: "Mothers-in-law have always been a great power of mischief to the world, and, alas, the plague is so universal and enduring that we must despair of ever seeing it overcome. The miseries caused by mothers-in-law is eternal, even as mothers-in-law themselves are immortal."

The Rev. Joseph Cook, who has come into sudden fame as a preacher in Boston, thus touched on New York politics in a sermon: "Eighteen or twenty thousand voters at every municipal election in New York cannot read or write, and they are a make-weight sufficient, in the hands of a few astute and unscrupulous men, to determine the result of any ordinary political contest in that city. Drop out here 20,000 ignorant ballots, and New York city, politicians say, could, with no difficulty, be restored to the control of her industrious and intelligent classes." Mr. Cook's advice is that nobody be allowed to vote who cannot read.

The English are going wild over American beef and mutton. Of late years these items of the Briton's bill of fare have been too expensive for the majority of people; and the efforts to import rabbit meat and beef from Australia, and cattle and beef from Brazil, have failed either to bring prices down or give satisfaction in any form. American beef and mutton exactly meet the need of the hour in every way. They reach England in splendid condition, and sell for from 4d. a pound for bits to 9d. a pound for choice pieces, which is 2d. or 3d. less than the prices of the home article. Connoisseurs declare that American beef and mutton bear evidences of being better fed. The press is in rhapsodies, and cannot mention the subject without quotations from Virgil and Dickens. The trade is growing very large, 700 tons sometimes arriving at Liverpool in one day. It sells immediately, and is now marketed in London, Liverpool, Manchester, Sheffield, Birmingham, Nottingham and many other towns.

The London press has had much to say about the coarseness of American humor, and has been dreadfully shocked by such hoaxes as the sending of a forged dispatch to the Stock Exchange announcing the death of a great railroad financier. But the English themselves are fast becoming a nation of practical jokers. Within a few weeks the British Admiralty has been made the victim of a stupendous hoax. A fictitious dispatch was received by the Port Admiral at Cork ordering the gunboat Goshawk to proceed to Gibraltar at once. The vessel sailed within 24 hours, and would have gone the full length of her fool's errand if a storm had not compelled her to take refuge in Galway Bay, where dispatches were received from the Admiralty. About three weeks ago a marriage was broken off in Birmingham by means of a bogus telegram. A young Hebrew couple went to the synagogue to be married in the presence of a large circle of acquaintances. The preliminary formalities were completed, and they were only waiting for the registrar, who was a few minutes behind time, when a messenger arrived with the following dispatch from London: "Stop marriage at once. His wife and children are in London." The bride, nearly swooning from excitement, demanded an explanation. The bridegroom protested that he was innocent and that the charge was groundless. The bride's friends refused to acquit him, and the marriage was indefinitely postponed. It was subsequently ascertained that the address given by the sender of the telegram was fictitious and that the bridegroom had been made the victim of a heartless hoax. American humor may be broad and coarse, but is English wit pure and undefiled?

Architect

Oakland has a new firm of Architects and Building Superintendents, Messrs. Merwin & Voice, having their office at rooms 1 and 2, Jurgen's Building on Broadway. These gentlemen are both architects of experience. Mr. E. W. Merwin is lately from Virginia City, where he furnished the plans and superintended the building of the International Hotel. C. H. Voice is lately from Chicago, and comes to Oakland with new and fresh ideas in his line. Oakland is improving so rapidly that there is room for all. *

Oakland Harbor Improvements.

Our attention is called to the fact that the work of deepening and improving the channel is progressing, by the arrival at the City Wharf of the Bark "Milanthon" from British Columbia with a full cargo of Wellington coal, consigned to Freeman & Jaffe, coal dealers on Eighth street. This firm seem to be impressed by the fact that deep-water vessels ought to land their cargoes in Oakland direct, this being the third foreign vessel they have discharged at the City Wharf within the past six months. *

The Remedy.

To escape the worthless abominations offered under the title of Baking Powders, rests wholly with the consumers; they are the ones that have to suffer. Dr. Price's Cream Baking Powder is decided by chemists to be the most perfect and wholesome powder made. *

The Fry Party Commission.

What will be the ultimate decision of this Commission would be hard to tell just now, but one thing the people have already decided that Farwell & Hirshberg, of 1103 Broadway, have the best stock of gents' furnishing goods in the city. *

To Be Remembered.

That the carriage work and horse shoeing done by T. D. Weymouth, 365 Eleventh street, gives the most perfect satisfaction to those who have tried him. All work done at the most reasonable rates fo cash. *

Masquerade Costumes.

Those wishing costumes for the Turn-Verein ball Friday night, will find costumes at the Casino on Sixth street, near Broadway. Private room for ladies. *

Fish, Oh!

Clam, oyster soup, fish chowder and oysters fresh every day. Fish in every style. Russell House, 1111 Broadway, Oakland. *

Housekeepers!

Step in at the northwest corner of Webster and Ninth streets and see the finest show of beef and other meats in Oakland, without a single exception. *

THE most delicious article in the market is rock-candy syrup, at R. McCrum & Co.'s, Twelfth street, next to City Market. *

D. L. EMERSON & Co., dealers in real estate, office in the rear of Wells & Fargo's, Ninth street. Agents for the Gaskill tract. *

THIS HOTEL IS LOCATED IN THE MOST delightful portion of Oakland, is finely furnished, and combines all the modern conveniences, including Elevator, Private Park and Croquet Ground. Its cuisine is second to none. The lovely scenery, enchanting carriage drives, fine private residences and parks, verdant shrubbery, salubrious air, picturesque lake, located within an evergreen oak grove, limited only by circuit of distant hills, all of which offer views unrivalled in Europe or America, have made Oakland very popular with Eastern people. Oakland, accessible to San Francisco by ferry every thirty minutes, has population of 30,000, most of whom are San Francisco merchant and their families, finding shelter here against the fogs and winds prevailing in San Francisco. All trains from the East and inland arrive in Oakland one hour earlier than in San Francisco, and depart one hour later.

Baggage checked through to San Francisco will be delivered at the hotel two hours after the arrival of the train in Oakland.

Price for Room and Board $2.50 and $3.90 per day.

Thirty Years OF SUCCESS. Extraordinary Cures. | No More BALD HEADS. No More Gray Hairs.

The Great Regenerator of the Blood.

THE FALLING OFF and turning gray of the hair are invariably owing to feebleness of the general health, to impurity or impoverishment of the blood, to all ancient or inherited diathesis. The cause being removed, the effect ceases "Sublata causa tollitur effectus."

This syrup is wholly vegetable. It cures radically all chronic diseases of the kidneys and of the nervous system. It regulates the blood system, and entirely obliterates weaknesses to which many females are subject.

The Syrup acts powerfully upon the nervous system and circulation of the blood.

The Regenerator of the Hair completes the cure begun with the Great Regenerator of the Blood. There are three numbers of progressive efficacy. It stops at once the falling off of the hair and makes it grow with new vigor

The Pomade & Capillary Oil are a useful complement of the Regenerator of the Hair, as well as "Circassian Drops," which keep up the beauty of eyelashes, eyebrows, whiskers and mustaches.

The Morning Dew prevents wrinkles and imparts to the skin freshness and youthfulness.

The Water of Beauty cures all cutaneous affections. We commend it specially to the use of the ladies for their private toilet, as it is a tonic and slightly astringent. The Water of Beauty may also be used as an excellent toilet wash. Also,

Small-pox Preventive, and certain cure after the disease has made its first appearance.

$500 Reward will be paid to any person who can prove that our medicines will not accomplish that which we claim, if instructions are carried out.

N. B.—See the Prospectus for each article or consult the Doctor himself. Come and be convinced. Dr. Arthur Gentil's INFALLIBLE PREVENTIVE against Small-pox can be obtained at his office, No. 11 Kearny street. Consultations free from 1 to 4 P. M., and from 7 to 8 in the evening (Sundays excepted).

Two Hundred and Forty Thousand Dollars Left by an Oakland Lady.

Yesterday there was filed in the office of the County Clerk the last will and testament of Madeline Curdy, who died on the 9th instant in this city. The will bears date of the 9th of January, 1877, and as witnesses, the names of L. G. Garon and Charles H. Blethen are appended. She was a native of France. She gives and bequeaths the lot on the northwest corner of Seventh and Washington streets, 75x100 feet in block No. 71, together with all the tenements situated thereon, to her sister Julia Bocqueraz, born Curdy.

Testatrix bequeaths other real estate and moneys to which she is entitled in the city of San Francisco; also her mortgages to her three brothers, Francois Curdy, Julian Curdy, and Joseph Curdy, and the two children of her deceased sister, Joseph Fleury and Louis Fleury, now living in Savoy, France, or to their heirs and assigns to be divided in four shares alike, one share to each of her brothers, and one to be divided equally between the aforesaid children of her deceased sister.

Two water lots in Steuart street, San Francisco, testatrix bequeaths to her friend James P. Rynders during his life-time; and her lot on Folsom street to her friend Josephine Macaires during her life-time. After their deaths these lots are to go to the aforesaid brothers and nephews of deceased testatrix.

She gives in trust, to Francis Berton, now Swiss Consul in San Francisco, all the moneys she possesses in France, and principally any shares of the Italian rents, deposited in the Bank of France, or in the banking house of Hentsch, Lutocher & Co., Paris, to be distributed according to the private instructions she gave him.

The property of testatrix, in Savoy, France, is bequeathed to her brother, Joseph Curdy.

Testatrix desires that her executors shall first pay all her just debts, and she appoints, as such executors, Francis Berton, of San Francisco, and Pierre Bocqueraz, of Oakland. She desires that they give no bonds.

Yesterday afternoon the executors filed their petition for probate of will of deceased, and the Probate Court appointed March 3d, as the day for hearing upon the pettion. The property left by the deceased is valued at $240,000.

MEDALS OF HONOR.

Medals Granted by the War Department to Oakland Veterans of the Mexican War.

Yesterday medals were received from the Adjutant General's office, War Department, Washington, D. C., for Powell A. McDonald, James R. Capell, and Edward Hoskins, (all of this city), who served as volunteers through the Mexican war in the ranks of the First Alabama Infantry Regiment. The medals were procured by Mr. Capell through A. M. Kennedy, Secretary of the National Association of Mexican Veteran Volunteers, Lock Box 37, Washington D. C. They are in the shape of shields bearing the United States coat-of-arms on the obverse side, and on the reverse the name and regiment of the ex-soldier to whom they are granted. They are made of metal from the bronze cannon captured from the Mexican forces.

Thistleton in the Toils.

George Thistleton, publisher of the Jolly Giant, who was recently sentenced to a year's imprisonment in the County Jail on a conviction for libel, enjoyed a few hours airing yesterday in the custody of an Under Sheriff, who conducted the prisoner down to the City Criminal Court to answer to a second complaint of libel, entered by Hiram Tubbs of Oakland. On application of the prisoner's counsel the trial was put over to Monday, the 26th instant. The argument of the motion for the release of Thistleton on bail, pending the result of an appeal from the sentence he is now undergoing, will be heard in the County Court to-morrow.

Attempted Assassination of Governor Packard.

Proceedings of the Electoral Commission Yesterday.

The Western Union vs. the A. & P. Telegraph Company.

Republican Policy in the South.

NEW YORK, February 15th.--A Herald's Washington special says: It is very thoroughly understood here by Southern men, that Hayes means, if he should become President, to cut adrift from the carpet-baggers and make an alliance with the respectable party leaders of Whig antecedents in the South, and no doubt is felt here by leading Republicans of his ability to do so. Hayes will give the Southern Federal offices to Southern men. Considerable grants for levees and other internal improvement purposes, and the passage of the Texas Pacific Rail road bill, will be made by the Republicans. If Hayes should fail of election, and Tilden becomes President, an alliance of Republicans with Southern men is equally certain, because in that case many Southern men desiring grants for internal improvements will unite with the Republican minority in the House upon these, and naturally, upon other questions. In fact, whoever becomes President, it is easy to be seen there will be a speedy political organization in the South

The Commission Yesterday--Shellabarger's Speech.

NEW YORK, February 15th.—The World's Washington correspondent thinks the tribunal will hardly decide this week. The session closed with the most serious blunder of the day for the Republican speakers. The legal argument with which Judge Shellabarger had been opposing the introduction of evidence, closed with a vehement partisan appeal, opening with an allusion to the narrow escape from war which followed the burning of the "Caroline" and the loss of American lives. Since then the lives of American citizens had grown cheap, according to Shellabarger, and he adjured the Commission not to make them cheaper by failing to support the Returning Board and continue the political regeneration which began with the election of Lincoln.

Senator Booth.

NEW YORK, Februayy 15th,—The Tribune Washington special says: Booth was elected to his present position upon an anti-railroad and anti-monopoly platform. To-day, for the first time, he made his voice heard in the Senate in support of the principles which he has been supposed particularly to represent. That voice was a very powerful one. The few speeches which Booth has made have always commanded attention, and his efforts to-day, notwithstanding the counter-attraction of the arguments before the Electoral Commission, kept a majority of the Senators in their places. The speech was more significant for its substance and the results which followed it than for its form.

Arrangements for the Inauguration of President.

The World's Washington special says: A meeting of the citizens of Washington will probably be called this week to make arrangements for the inauguration of a new President on the 5th of March. Although the initiative has been taken by a Republican club, it is announced that the ceremonies will take place no matter who is declared elected. A Committee has already been appointed to provide accommodations for visitors, to arrange details of the inaugural procession and to provide for the usual inauguration ball. Already a dozen volunteer military and civic organizations have sent word of their desire to participate.

One Good Effect.

NEW YORK, February 15th.—The Tribune says the present uncertainty has one excellent effect. No President can turn out all office-holders, good and bad together. Whether Hayes or Tilden come in there can only be gradual removals for cause. In other words, it is sure to be a beginning of practical civil service reform.

SPRINGFIELD, Mass., February 15th. —The Washington correspondent of the Springfield Republican says: This Presidential deadlock has a good result. Neither set of office-seekers have yet come to the Capitol.

Western Union versus Atlantic and Pacific Telegraph Company.

BALTIMORE, February 15th.—Counsel for the Western Union Telegraph Company have brought suit asking for an injunction to restrain the Atlantic and Pacific Telegraph Company from using lines formerly operated by the Western Union Telegraph Company, and the Baltimore and Ohio Railway Company.

Governor Packard of Louisiana Shot in the Knee.

NEW ORLEANS, February 15th.—About noon to-day, in an altercation in his office at the State House with a man who is unknown to the police on duty, Governor Packard was shot in the knee-cap. The party who did the shooting was fired upon by a bystander and wounded in the arm.

The Latest Treasury Frauds.

NEW YORK, February 15th.—The lawyer implicated in the Treasury frauds with Douglas is named Jenkins. He is believed to have made $25,000, and is known to be in this city.

Report that Governor Packard of Louisiana is Assassinated.

CHICAGO, February 15th.—A private message to the General Agent of the Associated Press states that Governor Packard of Louisiana was assassinated at noon to-day.

The Russian Army Ready to Move Against the Turks.

Russian Army Ready to Move against Turkey.

KIRSHENEFF, February 15th.—The Russian army is here and ready to move against the Turks: It numbers 120,000 infantry, 8,000 cavalry, and 428 guns. The two corps at Odessa would make the total of the army of the advance 180,000 infantry, 12,000 cavalry, and 720 guns. One thousand horses have been bought for the train. The bridge lying here is capable of passing the whole army over the Danube in one day. There are also thirteen enormous steam launches, two large barges, seven smaller boats and masses of other things, even to the smallest detail. Mobilization has proceeded so satisfactorily that within a month four army corps could have crossed the Furth.

An Aggressive Maniac.

The crazy German, who has been allowed to roam the streets of this city for the past four years, has got himself into trouble. On Tuesday evening, while walking along Broadway, he knocked a Chinaman down, and yesterday the latter presented rather a bruised face when he applied for a warrant for the arrest of his assailant. The German, whose real name has never been divulged, is insane on religion, and on a number of occasions he has been requested to leave churches, wherein religious services were being held. While the minister would be preaching, or the choir singing, he would jump to his feet and begin to shout. For hours he will sit on the railing of a fence, near McClure's Academy, on Telegraph avenue, and read to himself, and if addressed by any one he will take no notice of them, but will continue his loud reading. He has severely thrashed a number of hoodlums in this city. Eye-witnesses state that the assault he made upon the Chinaman, Tuesday evening, was without the least provocation. No warrant could be issued, as the man is insane, and the only alternative is to obtain an order from the County Judge, and have him brought before the Insane Commissioners.

Benefit Concert.

The benefit concert tendered by the citizens of Oakland to the McGibeny Family, will come off at Dietz Opera House to-night, beginning at 8 o'clock. Six of the children will appear as a Cornet Band. A very interesting feature of the entertainment will be the appearance of the children dressed in ancient costume, as a little old folks concert. The assistance of Prof. J. Jackson, Mr. Ado White, Mrs. Marie Packard, and Miss Belle Durgan, has been volunteered. Tickets can be obtained at Van Voorhies' drug store, corner of Broadway and Eleventh streets, single, 50 cents; reserved seats, 75 cents.

Obsequies of Hon. I. A. Amerman.

The funeral services of the late Hon. I. A. Amerman will take place from the residence of Mrs. Amerman, at San Leandro, at 10 o'clock A. M. to-morrow, under the auspices of the Masonic Fraternity, of which deceased was a member. The Fire Department and different societies will take part in the procession. The burial will take place at San Lorenzo.

Election of Officers.

The Golden West Gold Mining Company organized yesterday by electing its trustees and the following officers: A. I. Snyder, President; Newton Benedict, Treasurer; and C. H. Howland, Secretary. The mine is located in Yuba County. Work is to be commenced at once, and we learn the affairs of the Company are to be conducted on a cash basis.

PATIENTIA.

Toil on, O troubled brain
With anxious thoughts and busy scenes oppressed;
Ere long release shall reach thee. A brief pain!
Then—Rest!

Watch still, O heavy eyes,
A little longer must ye vigil keep;
And lo! your lids shall close at morning's rise
In sleep.

Throb yet, O aching heart,
Still pulse the flagging current without cease;
When you a few hours more have played your part
Comes Peace!

Bear up then, weary soul!
Short is the path remaining to be trod—
Lay down the fleshy shroud and touch the goal—
Then—God!

Rear Admiral Alden.

The obsequies of Rear Admiral James Alden, U. S. N., were conducted yesterday at Trinity Church, San Francisco, by Rt. Rev. Bishop Kip, Rev. Dr. Beers, Rector of Trinity, and Rev. C. N. Spaulding. The casket was enclosed in a strong box, and was sent by express with the overland train this morning to Boston, and thence it will be taken to the Admiral's old home in Maine for interment. Rear Admiral James Alden was born in 1809. He entered the naval service in 1828. His first important cruise was with Wilkes' South Sea exploration, when, although only a midshipman, he commanded one of the vessels of the expedition. He made the first thorough survey of this coast in the "Active," and after remaining on duty here for thirteen years he left to take active part in the late civil war. He was well known to earlier Californians, and was an honorary member of the Pioneer Society. During the late civil war he commanded successfully the South Carolina, the Richmond, the Brooklyn, and the Minnesota, and gallantly acquitted himself with Farragut at New Orleans, Port Hudson, Vicksburg, Mobile Bay and Fort Fisher. In 1866 he was made Commodore, and in 1870 a Rear Admiral, with the command of the European squadron, from which he was placed on the retired list in 1873. At the time of his death, Admiral Alden was sixty-eight years old. He leaves no children, and his extensive property will go to his two nieces, one of whom is the wife of the well-known author, T. S. Arthur, residing at Philadelphia, and the other of Dr. Henry Lyon, of Charlestown, Mass., to whom the Admiral's remains are consigned.

Aspiring for Fame.

John Roach, of San Francisco, wants to be famous. He intends to put himself in the way of exploring the profound depths of the ocean, by starting for Cape Horn in a peanut shell of a boat. To be more precise, he wants to build a three-ton boat, 20 feet long, 5 feet beam, and 4 feet depth of hold, fitted with two masts, the foremast square rigged and the mainmast schooner rigged. He also wants to find another man and a boy as totally devoid of discretion as himself. After having succeeded in this, he intends to sail from this port in June for Liverpool, via Cape Horn and New York, touching at Valparaiso and the Falklands for supplies, and by the blessing of Providence and good luck he expects to get through. He allows seven or eight months for the passage, provided it is a success. Roach has sailed as mate of coasters and deep-sea vessels fourteen years, and is confident of his ability to navigate his little craft in any kind of a sea. The only obstacle in the way of the attempt is the lack of funds for building the boat, which he estimates will cost $550.

From $8,000 to $12,000 each are appropriated for Nevada, Oregon and Washington Territory Surveyor-General's offices.

In the debate yesterday in the Senate on the Railroad Funding bills, Booth made an able and telling speech, closing with the suggestion that if the Gordon bill passed it should be sent to the Presidents of the Pacific Railroad Companies for approval, instead of to the President of the United States. He proposed an amendment to the Gordon bill which in effect requires each of the two principal railroad companies to pay, in service and cash, yearly, about $1,250,000, into the sinking fund, instead of $750,000. REDUCTION IN GAS.

Important to Landlords and Gas Consumers.

SAFETY AND ECONOMY.

OFFICE OAKLAND GAS LIGHT CO., September, 16, 1876.

IN CONTINUANCE OF THE POLICY FOLlowed by this Company since its formation, to lower its rates as warranted, the Oakland Gas Light Company hereby give notice, that from and after the 1st day of October next the price of gas will be reduced to

$4 PER THOUSAND CUBIC FEET.

Considering the value of coal and labor, the limited use of gas and the distance between the points of consumption, Oakland is one the most cheaply lighted cities in the Union.

Some of the advantages of cheap gas are:

1st. A daily saving in the cost of one of the necessaries of life.

2d. A decrease in the number of fires caused by the use of the dangerous distillates of Petroleum.

3d. A saving of human life by substituting stationary lights for the brittle of lamps.

It is hoped that this further reduction will be favorably accepted by the public, and that the Company will receive many accessions to the number of its consumers.

ARTIFICIAL STONE PAVEMENT,

Schillinger's Patent.

THE UNDERSIGNED IS THE SOLE AND exclusive owner of Schillinger's Patent for the State of California. Said patent was granted to John J. Schillinger, July 19th, 1870, and was re-issued May 2d, 1871. The said Patent has been repeatedly sustained and damages and costs inflicted upon infringers of it by the Courts. The following are the claims of the Patent, viz:

1. A concrete pavement laid in detached blocks or sections substantially in the manner shown and described.

2. The arrangement of tar paper or its equivalent between adjoining blocks of concrete, substantially as and for the purposes set forth.

All property owners having artificial stone pavements laid in detached blocks or sections are infringing one or both of the claims of said patent, as are also the parties laying such pavements; and every property holder is hereby notified that he will be prosecuted for every infringement of said patent in which he participates.

The great success of this pavement has induced many irresponsible persons to infringe the patent, and at the same time wrong their employers by contracting to lay the pavements and then doing inferior jobs.

The undersigned is prepared to lay sidewalks, garden walks, carriage drives, floors, etc.

All work guaranteed.

Augustus A. Rosenberg,

PROFESSOR OF MUSIC,

Respectfully informs the residents of Oakland and vicinity that he will receive pupils for thorough

Instruction on the Piano or in Singing.

HE WILL EXERCISE THE UTMOST CARE to develop a correct and tasteful style of execution, and by discarding everything that tends to produce a mere superficial acquaintance with music, he will endeavor to secure the rapid advancement of pupils toward that more thorough knowledge of the science so rarely acquired under many of the existing methods of teaching.

For further information, terms, etc., apply to Redelph & Co., 1003 Broadway, Oakland, or at residence.

YOUNG MEN

WHO MAY BE SUFFERING FROM THE effects of youthful follies or indiscretion, will do well to avail themselves of this the greatest boon ever laid at the altar of suffering humanity. DR. SPINNEY will guarantee to forfeit $500 for every case of seminal weakness or private disease of any kind or character which he undertakes and fails to cure. He would therefore say to the unfortunate sufferer who may read this notice that you are treading upon dangerous ground when you longer delay in seeking for the proper remedy for your complaint. You may be in the first stage; remember, you are approaching the last. If you are bordering upon the last, and are suffering some or all its effects, remember that if you persist in procrastination, the time must come when the most skillful physician can render you no assistance; when the door of hope will be closed against you; when no angel of mercy can bring you relief. In no case has the doctor failed of success. Then let not despair work upon your imagination, but avail yourself of the beneficial results of his treatment before your case is beyond the reach of medical skill, or before grim old death hurries you to a premature grave.
